

DAP/GISP Guide & Terms of Use

Introduction

The Data Assumptions Portal (DAP) and the Geographical Information Systems Portal (GISP) have been developed as a Proof of Concept to enable sharing across the Brisbane 2032 Games Partnership.

The DAP (figure 1) contains a wide range of assumptions made by Transport and Main Roads (TMR) for Transport modelling and analysis purposes which may be of benefit to others including the origin and distribution of spectators, tickets estimated to be sold by venue/sport, venue arrival and departure profiles and transport mode share. Additional information will be added such as un-ticketed event spectator estimates as it becomes available.

The GISP (figure 2) contains a wide range of Games related spatial data sets including the Games Route Network (GRN), spectator model of travel, visitor vs resident spectator origin, transport demand on the network and Future Host Commission (FHC) commitments for GRN travel time and initial demand estimates.

Comments and Feedback

If you have any comments or ideas for additional information to be included, please feel free to contact us.

TMR is working to improve options to make the DAP and GISP accessible to everyone. While we are doing this, if there is any information contained in the portals that you are unable to access, please get in contact with us.

To Request Access to the DAP and/or GISP

Each Games Partner has a nominated contact for requesting access to the DAP and GISP. They will contact TMR on your behalf to request access. You will then receive an email from us with your log in details. If you are unsure who your nominated contact is, please free to email us at [MAD_B2032](mailto:MAD_B2032@tmr.qld.gov.au) (MAD_B2032@tmr.qld.gov.au).

To Access the GISP

Go to this link

Terms of Use

All information provided in the Data Assumptions Portal (DAP) and the Geographical Information Systems Portal (GISP) are made available for information purposes only.

Games assumptions may change and be further developed as planning progresses.

Data contained within the DAP and GISP is confidential and is not to be made public or disclosed directly or indirectly to any party other than for Brisbane 2032 planning purposes, without first obtaining written permission.

For sharing data with consultants for the purposes of Games Planning, a Data License Agreement should be entered into.

All information provided in the DAP and GISP are made available for information purposes only. The Department of Transport and Main Roads (TMR), gives no assurance or warranty nor makes any representations as to the data currency, accuracy, completeness, legitimacy, condition or quality of its content, fitness for purpose or that any related data are free from any computer virus or other defect or contamination.

All persons accessing the DAP and/or GISP (user) are responsible for assessing its relevance and accuracy or otherwise verifying the content of the information.

The User acknowledges and agrees that TMR (and its officers and employees) will not be liable for any direct, indirect or consequential loss, liability, expense, costs or damages (Loss) due to, arising out of, in connection with, or in respect of the use of or reliance upon the DAP and/or GISP including:

1. Any express or implied warranties, representations, terms, conditions and undertakings in connection with the DAP and/or GISP;
2. Negligence and loss of revenue, loss of production or loss of profit; or
3. Use of the DAP and/or GISP, and its data, by third parties; or
4. Loss which might be incurred as a result of the DAP and/or GISP being varied, superseded or discontinued by TMR or the data contained within it being inaccurate, unreliable, incomplete, unsuitable or unfit for the purpose or the recipient's requirements in any way and for any reason.
